The cost of providing benefits is rising significantly, while employees consistently seek more and more from their benefit packages. Many employers struggle to balance employee needs with their own capabilities and bottom line costs.

Helping you meet these divergent objectives is our specialty.

We continually explore every option to best meet our clients needs.

Whether your group is large or small, public or private sector, we are always prepared and available to address your specific situation.

Since 1987, **Marwil & Associates, LLC** has been providing insurance and employee benefits consulting services to the business community and public sector. Marwil & Associates is built on a tradition of integrity, industry leadership, and excellence. We are committed to delivering tailored benefit solutions with thoughtful strategic planning. Our valuable professional services and technology-based solutions are unparalleled in the industry.

Using advanced technology and consulting expertise, we provide a variety of value-added professional services to our clients. These services reduce customer costs, increase efficiency, and improve employee satisfaction – bringing your employee benefit programs to new heights in quality and performance.

As consultants, we can develop benefit programs that make sense for your company and your employees. We have specialists in all lines of employee benefits, with the experience and know-how to keep your programs running smoothly and your employees happy.

**Can your consultant say the same?**
